Guidelines for Positive Communication

Dear Parents and Caregivers,

In the Okanagan Similkameen School District, we want schools to be safe, supportive, and welcoming places for students to learn and for staff to work. A key part of creating this environment is how we communicate and work together as a community.

We deeply value the partnership between home and school and ask for your support in the following areas:

Communication

- ☒ Please follow our process when concerns arise: Begin by making an appointment to speak with your child's teacher, and if more follow-up is needed, contact the school administration. Additional information can be found in Board Policy [F-10 Dispute Resolution Policy Use](#) respectful language in all communication, whether in person, on the phone, or through email.
- ☒ Please understand that responses may not always be immediate. Staff will do their best to communicate with you as soon as possible. Clarify your child's perspective with staff to better understand the full picture, and work toward calm, reasonable solutions. Avoid using social media to air complaints. It does not resolve concerns and often makes situations harder for everyone involved.
- ☒

Partnership

- ☒ Support your child's regular attendance at school and reach out if you need help with this.
- ☒ Work with staff to find solutions when issues come up.
- ☒ Review and discuss the Student Code of Conduct with your child so they understand expectations.

Conduct

- ☒ When visiting the school, please remain calm and respectful. Swearing, inappropriate language, threats, or verbal abuse are not acceptable.

School Culture

- ☒ Please join us in treating all members of our school community with dignity and respect. This includes respecting diversity in identity, race, culture, beliefs, family status, abilities, gender, and age, as outlined by the BC Human Rights Code.

Together, we can build a school environment where all students and adults feel safe, respected, and supported in their learning. Thank you for your partnership in this important work.

Warm regards,

Marcus Toneatto
Superintendent of Schools
Okanagan Similkameen School District No. 53

Why Student Attendance Matters

In the Okanagan Similkameen School District, we all share the responsibility - educators, families, and community members - to help every student not only succeed but thrive. A key part of that success is **being at school every day**. When students miss school they:

- Miss valuable learning that cannot be replaced with homework
- Fall behind in reading, especially by Grade 3
- Struggle more in later grades
- Are less likely to graduate from high school
- Are less engaged in school. Group work, hands-on activities, and daily social experiences can't be recreated. Teachers must adjust plans and spend time helping absent students catch up, which impacts the whole class. Every missed day affects learning.

What is Chronic Absence?

- Missing **20% of the school year** (about 3-4 days per month)
- Includes **excused absences, unexcused absences, late arrivals, early pick-ups, and suspensions**

What Parents Can Do

You play a key role in building strong attendance habits. Here's how you can help:

- **Communicate** with the school about any lateness, early pick-ups, or absences
- **Schedule appointments** after school or on non-school days
- **Plan vacations** during school breaks
- **Have a backup plan** for getting your child to school if something unexpected happens
- **Build healthy routines:**
 - Create regular bedtimes to ensure enough sleep. Cell phone & electronic usage should end before bedtime.
 - Have clothes & backpacks ready the night before.
- **Address anxiety early**—
if your child is worried about school, talk to their teacher or school counsellor

SUPPORT YOUR CHILD'S SUCCESS

- Students are expected to **arrive on time and stay for the entire school day**
- If your child is absent, you **must notify the school office**
- Review school calendars as days off & breaks are posted on each school's website

✨ **Every Day Matters – Together, we can help all students learn, grow, and succeed!**

Guiding Principles for AI Use in SD53

Introduction

As artificial intelligence (AI) becomes increasingly integrated into education, the Okanagan Similkameen School District is committed to ensuring that its use aligns with our core values: inclusivity, curiosity, relationships, well-being, truth & reconciliation, and adaptability. These guiding principles provide a framework for the responsible and ethical use of AI by students and staff. They will be reviewed and updated as needed in an evolving educational landscape.

1. Inclusivity

AI tools must be accessible, equitable, and age appropriate for all learners and staff. The district commits to embracing AI to enhance access to information and equity in education, providing safe environments that honor and reflect our diversity.

2. Curiosity

AI tools can enrich critical and creative thinking and problem-solving while also promoting digital literacy and responsible usage. The district encourages students and staff to explore AI to pursue innovation through inquiry and curiosity.

3. Relationships

Education is fundamentally about human connection. AI should enhance—not replace—meaningful relationships between students, staff, and the community. AI tools should be used as a complement to human processes, collaboration, and ethical decision-making.

4. Well-Being

Fostering well-being is a cornerstone of the Okanagan Similkameen School District's strategic plan. We are committed to using AI to enhance learning and promote the mental, emotional, and physical well-being of students and staff. AI should help make education more engaging, inclusive, and supportive. All AI use must respect user safety, privacy, and data protection, and align with ethical standards and legal requirements.

5. Truth & Reconciliation

The district's commitment to Truth and Reconciliation recognizes the importance of respecting cultural diversity. This encourages the consideration of Indigenous perspectives in AI applications while avoiding AI tools that perpetuate colonial biases and appropriation. We commit to a culturally responsive approach that integrates diverse perspectives in AI use and implementation.

6. Adaptability

The district commits to continuous learning, ethical reflection, and regular review of AI tools to ensure they align with best practices and our district's values. AI amplifies, but does not replace, traditional instruction, reporting, and teacher expertise. District policies and practices must be flexible and responsive.
